Death Knell of Austria Has Been Sounded

(By Andre Beaumont.)

Milan, via London, Aug. 10.

A meeting between the German imperial chancellor, Dr. Von Bethmann-Hollweg, German foreign minister, at Vienna, with renewed rumors of the impending nomination of Count Andriassi as Austrian foreign minister, is evidence that events of almost transcendent importance are preparing in the Austrian capital.

Count Andriassi represents the party of absolute surrender by Austria to Germany. He idolizes the German Emperor and is idolized by him. It is likely that pressure has been brought by Berlin to force the acceptance of Andriassi on the Austrian government as a sort of compliment to the appointment of Field-Marshal Von Hindenburg to the command of the Austro-German armies in the east.

Thus, if Andriassi is appointed successor to Baron Burián, it will mean a closer union between Vienna and Berlin. Andriassi has been back and forth between Vienna and Berlin frequently, figuratively speaking to kneel at the feet of the Kaiser. As if to counteract the policy of Andriassi, the Hungarian party of independence, under Karolyi has received considerable extension. Numerous adhesions pour in from provincial centres, Vienna papers on the other hand, denounce Karolyi's movement and hail the arrival of the German chancellor with delight. These are decisive hours for both the German and Austro-Hungarian empires, says the Neue Freie Presse. Collapse of Austria means the imminent downfall of Germany and therefore Austria-Hungary must be saved at all costs, even at that of handing over its political as well as its military direction to Berlin. Amidst it all one can hear the death knell of the Austro-Hungarian empire sounding.

STRAYED—A Grey Mare, Last seen beyond Bellevue. Branded as ev. Branded as ev. Reward of \$10
JAMES E. HAMILTON,
Blairmore, Alta.

Once More

This week we have received a contract for a quarter-page display ad space for the T. Eaton Co., Toronto and Winnipeg. Similar contracts have reached this office during midsummer for the past four years and have been turned down for the benefit of local merchants. In return, our courtesy has been recognized by the merchants. We have appealed to advertisers to increase their contracts and to non-advertisers to show their appreciation of our efforts on their behalf by supporting the local paper by buying a small space therein. In the case of both they claim that they cannot afford it. When we to accept contracts for foreign advertising we would be looked upon as knocking the local establishment, but we cannot subsist on air alone, and if the local patronage is insufficient we are compelled to look to the outside world for that which will ensure our existence.

For years we have been condemning foreign patronage and boosting for the patronage of the home merchant, and in return have received nothing that would justify a continuance of such a policy. In connection with the contract just received, we will hold it over for two weeks, in the hope that local merchants may see the wisdom of coming forward to our support. If by that time no more support is in sight than what we are receiving up to the present time, we will accept the foreign advertising and reverse our campaign.

Alberta has shipped almost 2,000,000 pounds of wool during the past twelve months

Blairmore Branch Canadian Pat. Fund

The amount given opposite the name of F. M. Thompson in our issue last week should have read \$5.00 instead of \$1.00.

Since last week, the following have agreed to contribute \$1.00 a month to the Fund: H. Brumas, Miss V. Ayling, A. S. Tod, C. Church, W. A. Beebe.

Members of the local committee are requested to be present at the regular meeting on Monday night next at 8.30.

Red Cross Notes

We are pleased to report two new members added to the roll this week. We hope other non-members will see their way clear to help in this way.

This week showed a marked improvement in the attendance at the weekly sewing meeting. If there is as great an increase next week, the number of articles from this branch may yet be brought up to the mark before the close of the business year. Everyone who can possibly give some time to sewing, either at home or at the regular Tuesday afternoon meeting, is asked to make a special effort this week. Work can be obtained from Mrs. J. M. Carter.

Thanks are due Mrs. R. Smallwood for the loan of a sewing machine for the weekly sewing meetings.

Mrs. J. R. Smith gave notice that she would be out of town for a month or two and asked that someone be appointed to take her place as secretary in the interim. Mrs. Tod was appointed to act as secretary-treasurer pro tem.

Must Sue For Peace

(London Daily News.)

Germany is the author of this war; she occupied the territory of the nations that she had outraged; she can claim and does claim to have the victorious position, and the only terms at which she has hinted are terms which cannot be considered. The time will come sooner than is expected, when her approaches will be more definite and will be frankly on the basis of a senior of peace and not of a deluged offering terms of peace. Till that time comes, bringing with it to the allies the power to dictate such terms will assure Europe against the recurrence of this enormous calamity, we must not entangle ourselves in futile negotiations. We cannot discuss terms with Germany while she occupies the allies' territory, and claims to be the victor in the war.

Cowley Happenings

Harvey Bouthillier is home now and renewing old acquaintances.

Miss Drabburgh, of Medicine Hat, is visiting friends here this week.

The Tennessee school reopened on Monday, with Miss Lawson as teacher.

Haying is going on in full swing again, everything having dried up since the recent rains.

Mrs. J. Marlow, of Macleod, has returned home from a visit with her parents, Mr. and Mrs. Robert Welsh.

The Doukhobors have started the erection of an elevator opposite the C.P.R. station. The new elevator will have a capacity of seventy thousand bushels.

Mrs. D. R. McIvor is enjoying a visit from her mother, sister and niece from Ontario, and expects to have their company for a few weeks.

On Friday night Mrs. R. Rhodes gave a dance in aid of the Red Cross. A good crowd turned out and swelled the proceeds to the neat sum of \$15.

The Cowley school opened on Monday. Miss Kippan returned in due time to take charge of her pupils, but instead of Mr. Smith returning he sent in his resignation. His pupils were greatly disappointed and will go without a teacher for a while.

Miss Swinney entertained a number of the immediate local young folk at her home on Saturday night last. Merriment was kept up until 12 o'clock, when a delicious lunch was served, after which the party broke up and the youngsters wended their way homeward.

Removing Sale.

We are about to move into New Premises

WHILE goods are scarce and will be hard to get for some time to come, we have decided to further reduce our stock and facilitate moving operations by offering a special reduction on all goods in stock for a few days

Starting Saturday, Aug. 19

Space or time will not permit us to enumerate articles or prices here, but it will well pay you to visit our store and find what you can save by making your purchases during this sale. Give us an early call.

We Don't Ask You!

To take our word for it, that Bellevue Bread is a Wholesale Home-Made Product. We make it, and our opinion MIGHT naturally be biased.

But we refer you to our many customers, who are and have been eating it for months. THEY don't make it, and have no interest in us or our business, aside from the fact that they know they are getting the best bread they have ever eaten. In spite of the fact that all ingredients entering into the manufacture of Bellevue Bread are higher than ever before, our customers continue to get Bellevue quality at the same price. Although it costs more to make Bellevue Bread, we feel that the satisfaction of turning out a finished product is worth some sacrifice, in view of the appreciation of our many old friends. If you are not using Bellevue Bread, you are missing a treat. Specify "BELLEVUE" the next time you order bread. Sold in Blairmore by F. M. Thompson Co. In Frank by Allan's Grocery, Co-Operative and A. I. Bliss. In Hillcrest by Barnett & Cruikshank.

—Yours for Quality—

The Canadian forces have been transferred from the Ypres salient, which they have held for over a year, to the Somme front; where the big offensive of the British and French is in progress.

Billy Sunday states that some of the booze artists of British Columbia would require an aeroplane to get to hell. Gee, that's hard. We thought most of them were headed that way, anyway.

GETT'S EATS LYE DIRT CLEANS DISINFECTS

Britain's Task

British Navy Has Been the Strongest Right Arm of the Allies.

Much ill-judged criticism of England's part in the war would never have been uttered had the critics taken the pains to acquaint themselves with the facts. In the first place, the most obvious sphere of English action at the beginning of the conflict was the sea. Her army, small in comparison with the armies of her neighbors, but she had a powerful navy, and it had been, fortunately, mobilized in home waters. Thus it was able to shut the German fleet in its own ports, to drive German commerce from the ocean, and to insure the safe transport of troops. The last-named task was so essential in the success of the allied operations on land that it is no exaggeration to say that its fulfillment averted an irreparable disaster.

More than she did England could not have been expected to do. She had neither the men nor the munitions. Thus the burden of the fight on the western front was inevitably left on France. That was her allotted duty, and nobly has she performed it. Yet it must not be forgotten that the English and Belgian troops, though unable to clear Belgian soil of the Germans or to hold the important sector of Antwerp against an overwhelming force, nevertheless held the coast from Calais. — From the Philadelphia Ledger.

Wrist Watches

To soldiers and sailors, wrist watches easily read, and quickly visible are of vital necessity. They are important part in advance or retreat, and also in gun-firing. Celluloid faces are so made, the metal grill over the face a hindrance and a closed hunting case a nuisance. British makers have now produced a clear unbreakable glass crystal and are working day and night to supply the urgent demand for military watches.

"Scribbles is a Free-thinker, is he not?"
"Well, no editor will give him anything for his thoughts."

Responsibilities of Germany in Poland

Under an International Obligation to Respect Life and Property.

To the Polish soldiers of Chicago, with their heartbreaking story of conditions in Poland under the German occupation, where "practically every child under ten years of age had died of starvation." President Wilson replied that he had done so to the credit of his country.

He has appealed to the British and German governments "to make concessions and allow the humane thing (of feeding Poland) to be done." The British Government has offered to let food contributions go through the blockade under guarantees that they would not be diverted to military uses, and that the central powers in return would look after the starving populations of the Balkan States they occupy. Germany has declined to give any such guarantee.

It is, therefore, Germany's attitude which invites the attention of the humane world in respect to starving Poland. Germany, as the conqueror and occupier of Poland, is under international obligations to protect life and property of the people of a recognized authority.

Germany is not protecting life in Poland. It is a starving Poland. Little children starve away to death, as these Polish societies tell the President. Germany is shirking its primary obligation of the conqueror in a conquered territory, and it is not willing to assume even a part of the obligation, as in Serbia, in order that the enemy may relieve it of that obligation. — From the New York World.

Conquest imposes responsibilities commensurate with its responsibility. No civilized nation can evade the one while clinging to the other, and claim recognition as such. But as in Belgium so now in Poland. The appeal of humanity for Poland is in the direction of relief and not of relief. — From the New York World.

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powder is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

"What is your idea of a political leader?"

"One who is able to perceive the way the crowd is going and follow with loud whoops in that direction."

Minard's Liniment Cures Garget in Cows.

The Automobile and the Newspaper. No one thing has been such a factor in popularizing the automobile as newspaper advertising. It is the one great force that has made of the automobile business what it is today. It has spread the story of the automobile to the most remote corner. From an unknown factor of a year back, advertising has proved to the farmer that he can't afford to be without one. It has shown the business man that his car is a pleasant bridge between home and office, and the doctor's "buggy" is now almost a curiosity.

Millions have been spent in spreading this knowledge; yet it has returned the automobile builder a hundredfold, and because of this has created a market where none existed before, the price of cars has steadily dropped, while the quality has constantly increased.

The ease with which corns and warts can be removed by Holloway's Corn Cure is its strongest recommendation. It seldom fails.

The Avalanche as Italy's Enemy. The worst of dangers in some of the mountainous regions of the Alps is the avalanche. The great 3050' and 4200' which drop their crashing projectiles from the clouds and are the avalanche. The indications of coming movement, for which the avalanche is ever ready, are no longer perceptible; and at a moment when all seems calm the avalanche will thunder down and sweep men and guns away or bury them in its folds.

"We lost forty men and two guns up there the other day," states an artillery Colonel.

A Mild Pill for Delicate Women. The most delicate woman can undergo a course of Farnelle's Vegetable Pills without fear of unpleasant consequences. Their action, while wholly effective, is mild and agreeable. No violent pains or purgings follow their use, as thousands of women who have used them can testify. They are, therefore, strongly recommended to women, who are more prone to disorders of the digestive organs than men.

"Now we will say your mother bought three dozen of oranges, the dealer's price being thirty cents a dozen. How much money would the purchase cost her?"

"You can never tell," answered Harry, who was at the head of his class. "Ma's great at bargaining!"

During a lesson on the good Samaritan, the scholars were asked why the Priest and the Levite passed by on the other side.

"Because they saw the man had already been robbed," was one prompt and uncharitable reply. — London Notes.

Minard's Liniment Cures Colds, Etc.

"But she says she has never given you any encouragement. 'Did she say that?'" "She certainly did." She told me that her uncle was going to leave her a fortune, and that he had one foot in the grave. If that is not encouragement, I'd like to know what you call it.

New Grain Company Record

Mr. W. Grant Morden, of The Canada Steamship Lines Loads 500 Cars of Wheat

The Steamer W. Grant Morden, of the Canada Steamship Lines, set up a new record on her last trip down the lake, when she cleared from Port Arthur with 490,725 2-3 bushels of wheat.

Captain Neil Campbell received the entire consignment from the Canadian Northern elevator at Port Arthur. The cereal transported on the "Morden" would be equivalent to ten trains of fifty cars of wheat each, and the cargo weighed in the vicinity of 15,000 tons.

This is said by shipping men to constitute a record-breaking performance. The largest shipment handled previously, it is asserted, was by the "Snider, Jr.," when 470,000 bushels of wheat was carried. The "Snider," however, is an American vessel. The "Morden" sailed from Port Arthur July 16th.

What We Need in Food. Calcium, phosphorus and iron are more likely than any other minor nutrients to be lacking in human diets. On this account special interest attaches to their occurrence in food.

Calcium is especially abundant in milk, and is also contained in considerable quantities in eggs, vegetables, and fruits.

Phosphorus is abundant in milk, eggs, nuts, peas, beans, and such cereal products as contain the outer seed coats.

Iron is found in large quantities in beef, eggs, beans, peas, green vegetables (especially spinach), and in the outer seed coats of the cereals.

The foods which are poorest in minerals are polished rice, pearl hominy, white flour, bolted corn meal, and other cereal foods which lack the outer seed coats. — From the New York Daily Telegram.

SELECT MEDICINE CAREFULLY

Purgatives are dangerous. They gripe, cause burning pains and make the constipated condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills of Mandarok and Butterick; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore activity to the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, biliousness, and indigestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

Over two hundred students of the University of Saskatchewan have enlisted, and two hundred students of the University of Alberta are either in the trenches or on the way there.

One of the most interesting and instructive features comprises samples of wool in both the gray and scoured condition, showing the injurious effects of using insoluble paints, which are difficult to remove, rather than the standard dippin fluids for marking purposes. This case also contains samples of wool that have been tied with binder twine, showing how the axial fibre becomes incorporated into the wool and the consequent defect this produces in the finished product. The injurious effects of shearing wool while damp, or permitting it to become damp while in the storage are shown, together with the damage caused by the incorporation of straw and chaff into the fleeces.

Two large cases contain representative fleeces of the most important breeds of Canadian sheep. In these cases beginners are given an opportunity to compare the wool of the different breeds, and thus become acquainted with the average weight of fleece and quality of wool obtained from each. One large case contains fleeces of Canadian wool representing the different classes as they are graded for the market.

The processes of woolen and worsted manufacture are illustrated by samples representing the intermediate products from the wool in the way to the finished cloth. This serves to give the public an idea of the types of wool entering into the different classes of fabrics. Although the living specimens are not shown, a number of enlarged photographs of representatives of the different breeds as well as entire flocks are included in the exhibits.

In the propaganda for more and better sheep and their products in Canada, the Dominion Department is furnishing valuable assistance to the sheep growers. It is establishing a plan for wool selling through co-operative associations, by furnishing the growers as to the proper methods of handling wool, in order that it may reach the market in the best possible condition. The Department is also offering assistance to Sheep Breeders' Associations, by supplying them with purchased rams free.

"Can you help me a little, mister?" whined the mendicant. "I'm trying to raise the price of a ticket to Woppy-lasook. I've got a brother-in-law there, and—" "Out of the way, you're not for your unfortunate relative," replied J. Fuller Gloom, "I will not give you a cent."

Germany Must Be Crushed. There will never be peace in Europe until the German army is utterly defeated in the field. An economic victory would mean nothing but the renewal of the contest at a later date. What must be crushed, if Europe is ever again to know security, is not the stomachs of the German people, but their belief in the invincibility of their own arms. If Germany surrenders today as the result of domestic famine, what would be the spirit in which her people entered upon peace? They would say, and with some justice: "We nearly took Paris, and we held the best industrial districts of France; we have sent Russia out of Poland, crushed Serbia and Belgium, and hacked our way to the near East. All we have to do next time to win is to ensure our own food supply for a three years' war—and that can be easily done."

The Selkirk Tunnel

Huge Undertaking of The C.P.R. is Nearly Complete

The Selkirk tunnel will be through the fall, according to the C.P.R. officials. This is another of the notable things to which the company has put its hand—a tunnel six miles through a mountain whose peaks pierce the clouds—a tunnel which presented engineering difficulties almost unique.

This work will give the public an alternative route through the mountains; it will save six miles of snowsheds; it will eliminate danger, and it will minister to the comfort and convenience of the public. The cost will be \$12,000,000 or more. That is about the only big work the C.P.R. has been engaged in lately, but it is interesting to recall that in the years before the war the company went to spend between \$25,000,000 and \$35,000,000 per annum in the development of the West. It is a high official of the C.P.R. remarked, the C.P.R. took a dollar out of the West, it put that dollar back again in some form or other. It would hardly be believed, but the C.P.R. since its inception, has spent over \$200,000,000 in the development of the West.

A bold, unscrubbed citizen went to a new boarding house, and as he had always met his obligations promptly he had become somewhat of a favorite. On his second day the hostess asked, "Why don't you say a blessing, Mr. ?"

He looked over the table and said gloomily, "I'd like to know what for?"

The Duchess of Devonshire, who is a Mistress of the Robes at the Queen, is one of Her Majesty's closest friends. She is the mother of two sons and five daughters, and is a daughter of the Marquess of Lansdowne. Of slender build and with small features and dark hair, the Duchess invariably wears the quietest-looking gowns.

There are 22,946 unreturned enemy airmen in Great Britain, of whom 756 are men of military age, exempted from internment. The figures are official. Nine of the airmen are the employ of the Deutsche Bank of the City of London. The authorities claim that surveillance is so strict that otherwise would not be obtainable.

"Jack!"
"Can't you bring some fat friend home to dinner? I positively must have some heavyweight to sit on my trunk." — Life.

"I wonder why Alice has remained a miss?"
"Because she failed to make a hit."

Proper Oiling Saves Money

The right oil in the right place means less money for lubrication and a longer life for your machine.

The Imperial Oil Company makes a large number of farm lubricants—each exactly suited for its special use. Here are some of them:—

STANDARD GAS ENGINE OIL

Recommended by leading builders for all types of internal combustion engines, whether tractor or stationary, gasoline or kerosene. It keeps its body at high temperature, is practically free from carbon, and is absolutely uniform in quality.

PRAIRIE HARVESTER OIL

An excellent all-round lubricant for exposed bearings of harvesters and other farm machinery. Stays on the bearings; will not gum or corrode.

CAPITOL CYLINDER OIL

The most effective and economical lubricant for steam engine cylinders; proven superior in practical competition with other cylinder oils.

ELDORADO CASTOR OIL

A high-grade, thick-bodied oil for lubricating the loose bearings of farm machinery, sawmills and factory shafting.

THRESHER HARD OIL

Keeps the cool bearing cool. Does not depend on heat or friction to cause it to lubricate.

STEEL BARRELS—All our oils can be obtained in 28-gallon and 45 gallon steel barrels. These barrels save their cost by eliminating leakage. You use every drop you pay for. Clean and convenient.

If your lubricating problem gives you trouble, let us help you. Tell us the machine, the make, the part—and we will gladly give you the benefit of our experience in selecting the proper lubricants.

Oil Of Orilene Will Reduce Weight A Pound A Day

in many instances.—If you suffer from, excessive
fat, stomach or liver disorders perhaps you do
not know your trouble may be due to lack of
oxygen in the blood.—How to tell

If you will make an actual test of all people
who are fat, who suffer from stomach, liver or
kidney trouble, you would be surprised at the
exceedingly large number who lack oxygen in
the blood and who are fat and ailing from no
other cause. Without oxygen the blood loses
its power to properly assimilate your food and
consequently your flesh instead of being firm,
pink and healthy, becomes flabby, soft and
sallow. As a result of this blood starvation
you become fat and slow, generally weakened,
all run down and soon get to a point where the
least exertion leaves you breathless and out of
like a porcupine. In all such cases it is worse
than useless to dose yourself with numerous
drugs or powerful laxatives as this will only
whip up your vital powers for the moment,
maybe at the expense of your life later on. And
you must not continue to put on weight. Er-

everyone knows fatty degeneration of the heart
liver or kidneys is exceedingly dangerous.
No matter what anyone tells you, if you are
fat or one is to yourself to make the following
test: Take a long deep breath and then see how
many times you can take without being com-
pelled to let it out. Next take an oil of orilene
capsule, one after each meal, and one at bed
time for two weeks then make the same test
again. You will be surprised to see how much
farther you can walk and now much lighter and
easier you will feel on your feet. People who
are fat and ailing all the time may double their
strength and endurance and reduce weight a
pound a day by simply taking oil of orilene.
Oil of orilene capsules are designed to increase
the little red corpuscles in the blood making it
possible for the blood to carry more oxygen,
supplying the body with more life more vitality
and more vigor. Absolutely harmless, will not
injure the most delicate, wonderfully efficient,
and is dispensed in this city by all druggists or
can be had direct from the J. Little Drug Co.
Box 100, Montreal, P.Q., on receipt of \$1.00
postal note or money order. There is nothing
better.

Serbia

Among so many sufferers Serbia must
not be forgotten. She did not hesitate
to challenge the most powerful nations.
She fought with a heroism that needs no
praise of ours. She contributed greatly
to our cause by refusing any terms of
battle.

Battle she received—and now lies desolate.
A nation in exile! Living God
knows how, on the providence of our
hands, until such time as we win back
her soil and restore her children to their
hearth.

Their claim meantime is a personal
claim on our hearts and our purse. We
must not shirk this responsibility. Many
writers in modern periodicals have tried
to describe the retreat of the Serbian
army. One we recall, an American
woman who led a red cross unit with the
skill and courage of a general, told of
the amazing patience and endurance of
the Serbs under stress that would have
shattered less nobly-crudled folk. Ours
is the easy part of the war compared to
that of the Serbs. We must not forget
this.

Contributions for the Serbian Relief

Fund may be sent to Rev. Cox Clark,

secretary, 500 Eighteenth Ave. West, or

to Mr. J. S. Dennis, president, Depart-

ment of Natural Resources Bldg., Cal-

gary.

Britain Banns

1,500 Firms

Syren and Shipping in the course of
an article published against American
criticism on the British blockade or cer-
tain commercial houses, says the total
number of blacklisted firms in all coun-
tries exceeds 1,500 as follows: Spain,
107; Brazil, 140; Netherlands, 120; Ar-
gentina and Uruguay, 85; Morocco, 88;
Portuguese East and West Africa, Guinea
and Rio Muni, 87; Japan, 85; United
States, 85; Norway, 83; Portugal, 79;
Sweden, 72; Netherlands and East In-
dies, 70; Ecuador, 68; Persia, 56; Greece,
50; Philippines, 44; Peru, 41; Chili, 35;
Bolivia, 22; Cuba, 19; Central America,
5; Paraguay, 3; Colombia, 1.

Syren and Shipping asks: What has
America to protest about? Japan does
not talk of non-resistance and protests
and she is our Ally. Neither, so far, has
Brazil nor other countries concerned,
except Argentina."

Big Increase in

Canadian Exports

Ottawa, Aug. 14.—Canada's aggregate
trade for 12 months ending with May of
1915, reached the enormous total of
\$1,561,235,513. This is an increase of
nearly half a billion over the pre-war
year of 1913. The increase is mainly to
be found in the volume of goods ex-
ported. Canadian produce exported
alone totalled \$889,000,000 against
\$322,000,000 in 1913, \$322,000,000 in
1914 and \$318,000,000 in 1915. The effect
of the war is evident in the increased ex-
ports in all classes of goods. Exports of
the products of mines increased from 57
million in 1913 to 98 million in 1915, of
fisheries from 16 million to 23 million;
of forest from 3 million to 12 million;
animal products from 45 million to 167
million; agricultural products from 149
million to 229 million and manufactured
goods from 45 million to 291 million.

The heaviest export has naturally been
to the United Kingdom. In 1913 exports
thither totalled \$180,000,000, in 1914 they
totalled \$318,000,000, or nearly treble.
To the United States they increased from
167 to 237 million, while to France they
increased from three million to 37 mil-
lion. Imports from the United King-
dom decreased from 143 million in 1913
to \$3 million in 1916, from United States
from 445 million to 144 million; from
France 15 million to six million, and
from Germany from 14 million to \$57,
000. Importation on dutiable goods
dropped from \$447,000,000 in 1913 to
\$212,000,000 in 1916. This is a falling
off or nearly one-fourth. But the duty
collected in 1916 amounted to \$114,000,
000 as against \$116,000,000 in 1913.
Of the Dominion's total imports, 74
per cent came from across the border
and only 14 per cent from the United
Kingdom. Of Canada's total exports,
however, only 28 per cent went to the
United States and 59 per cent to the
United Kingdom.

Rev. A. H. Denoon preached his
farewell sermons at Knox Presby-
terian church, at Bethbridge, on
Sunday last. Rev. Denoon has
accepted the office of chaplain with
the rank of captain with the 113th
Kittie Battalion at Barce.

Annual Reports of Red Cross in Prairie Provinces

The Canadian West in spite of its
scattered population and consequent
difficulty in centralization and co-
ordination of work has shown great
vigor in its Red Cross activities.
The total cash receipts of the Alberta
Society in the last financial year
were \$46,185. Of this, \$7,830 was
spent for the employment of hospital
ladies, \$6,677 for medical and surgical
supplies and \$4,477 for motor am-
bulances. In addition, a generous con-
tribution was made to the Ogden
Home for convalescent soldiers. The
total number of articles handled by
the supply department was 322,820
of which the most important items
are 64,000 bandages, 77,000 hand-
kerchiefs, and nearly 12,000 socks
and 15,000 shirts. Since the first of
the year 14 new branches have been
formed.

The last financial report of the
Manitoba branch shows 56 branches
a number which has been largely
added to since the first of the year.
Total contributions were 9120,116 of
which \$73,850 was sent to Dominion
Headquarters in Toronto. The total
shipments from the Winnipeg ship-
ping station in the first three months
of its existence amounted to 678 cases
of a value of \$19,772. This will far
exceed an estimate of the annual turn-
over.

In Saskatchewan 37 new branches
have been formed since January.
The last annual statement of receipts
shows contributions of \$50,006 of
which \$3,800 was placed to the credit
of the general account of the Red
Cross Society. The Provincial branch
supports 47 beds in Clifton hospital
and 112 in the Saskatchewan Home
hospital. Shipments totalled over
200,000 items.

Central Union Church

Dr. E. H. GRAY, Pastor.

Sunday, August 13th.—

SYNOPSIS OF CANADIAN NORTH WEST
LAND REGULATIONS

THE sole head of a family, or any male over
21 years of age, may homestead a quarter-
section of available Dominion land in Manitoba,
Saskatchewan or Alberta. The applicant must
be a person at the Dominion Land Office, or
may be made at any Dominion Land Office.
Duties—Six months residence in and culti-
vate 20 acres and erect a house worth \$20.
The area of cultivation is subject to regula-
tion in case of crops, orchard or other land.
Live stock may be maintained for cultivation
under certain conditions.
A settler who has exhausted his homestead
right may take a purchased homestead in cer-
tain districts and erect a house worth \$20.
Duties—Six months residence in each of three years, cul-
tivate 20 acres and erect a house worth \$20.
The area of cultivation is subject to regula-
tion in case of crops, orchard or other land.
Live stock may be maintained for cultivation
under certain conditions.

W. W. COVEY, C.M.G.,
Deputy of the Minister of the Interior,
N.B.—Unauthorized publication of this ad-
vertisement will not be sold for—\$4500.

NOTICE

TO WHOM IT MAY CONCERN—

Having previously advertised that I
would not be responsible for any debt
contracted in my name by any member
of my family, I will protest any claims
made against me of such.

As Mrs. J. C. Patton has removed and

making her home in Coleman, having

left my home and bed, I will sell by

public auction all household furniture
and effects, and pay any outstanding
claims there may be against us.Signed, J. P. PATTON, Eng'r,
Blairmore, Alta., July 26th, 1916.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE MATTER OF THE ESTATE
OF ANDREW GOOD, late of the Ham-
let of Crows' Nest, Alberta, Prospe-
ctor, deceased.

NOTICE IS HEREBY GIVEN that all
persons having claims upon the estate of
the late Andrew Good, who died on the
14th day of January, A.D. 1916, are re-
quired to send to the undersigned, Ad-
ministrator of his estate by the 1st day
of October, 1916, a full statement duly
verified, of their claims and any securi-
ties held by them, and that after that
date the Administrator will distribute
the assets of the deceased among the par-
ties entitled thereto, having regard only
to the claims of which notice has been so
given or brought to his knowledge.

DATED this 2nd day of August, 1916.

Bellevue Happenings

James Haddad spent Monday in Fernie on business.

Harry Campbell purchased a fine horse this week.

Pte. Charles Burrows left for Sarcee on Wednesday.

Master Leslie Consens is visiting some friends at Lundbreck.

Arthur Downs is building a garage for his new Ford car.

Mr. and Mrs. Anthony Wardman were up from Burnis on Saturday.

Mrs. Dugdale, who has been confined to her home, is able to be about again.

Mrs. Harry Jepson and child were down from Frank on Saturday visiting friends.

Walter North has moved his family to Blairmore, where he intends staying for a while.

Mrs. G. W. Goodwin, Mrs. R. Dicken and Mrs. J. Jolly were Frank visitors here this week.

The new addition to the Bellevue restaurant and rooming house is completed and ready for business.

THREE HOUSES FOR RENT, near the Rosedale Dairy, Bellevue. Apply to Fred Chappell, Burnett's store.

Mrs. W. P. Williams, who had been confined to her home for some little time, is able to be about again.

Many people are wondering why the governments new commissioner of raw oysters was not given the power to take affidavits.

Mr. and Mrs. W. Chappell, Mr. and Mrs. R. C. Green and John McPhail were down from Blairmore on Monday night.

Quite a bunch of the soldier boys were in Bellevue for a short time this week, and left for scenes of harvesting on the prairie.

William Priem, who several weeks ago sustained a broken leg in a runaway accident here, is now able to move around considerably,

though still compelled to hang to his crutches.

Rev. J. B. Francis occupied the pulpit of the Bellevue Methodist church on Sunday last. Rev. Mr. Law officiating for Mr. Francis at Lethbridge.

James Burrows met with a slight accident while following his occupation as pillarman in No. 2 mine on Tuesday. He was taken to the hospital, where he is doing as well as can be expected.

The bar fixtures of the Lill hotel have been installed in the pool room opposite the post office, where the dying (?) booze artists are kept alive by application of frequent doses of 2 per cent dope.

Ptes James Lindsay and Joseph DeGroote of Bellevue and Blairmore respectively, have secured leave of absence from Sarcee for harvesting, and have engaged to work on the ranch of A. Wardman near Burnis.

The Bellevue Methodist Sunday school picnic had to be postponed on Wednesday on account of the weather, and on Thursday the children were given a time in the church instead, where they enjoyed themselves thoroughly. They are promised another day in the near future, when they will have a chance to compete for prizes in outdoor events.

Dr. H. G. Mackid, for years chief medical officer of the Alberta division of the C.P.R. and an old resident of the province, died at Calgary on Thursday morning. Dr. Mackid was 54 years of age. He is survived by his widow and one son, Dr. L. Mackid, who is at present serving as an officer of the army medical corps.

Rev. Father Orcciatta, who left for Calgary on Sunday evening, desires to thank the many friends who contributed towards the valuable present received by him prior to his departure from Blairmore.

Fourteen labor leaders were convicted in Chicago on charges of conspiracy.

That Is On This Planet

More than half the whole German army is being held on the west front by the Allied offensive. And the longer they remain there the less likelihood of them ever going anywhere else.—Calgary Herald.

Alberta has shipped almost 2,000,000 pounds of wool during the past twelve months.

Between June 4th and August 12th General Brusiloff's forces captured more than 358,000 men. The report gives the following figures: Officers captured 7,765; men 350,845; cannon 405; machine guns 1,326; mine and bomb throwers 338; powder carts 292.

Our business people are all staunch contributors to the Canadian Patriotic Fund. Then why is it that dependents of soldiers, who are drawing from that fund, send their money out to the mail order house for goods that can be bought at home?

A train of forty-one cars was required to convey 3,200,000 pounds of flour, the gift of the Saskatchewan Grain Growers' Association to the Atlantic coast. The above represents the crop from one acre of each farmer within a certain area of our sister province.

A Lesson From The Aeroplane

The force that makes the aeroplane — a heavier than air machine — overcome the law of gravity is the propulsive power of the motor. Stop the engine and gravity exhibits its law.

In much the same way the propulsive power of advertising makes a business triumph over dragging-down tendencies, personal inertia, quiet times and general business depression.

Advertising is the propeller. The merchant is the pilot. His business is the machine. His community is his sustaining medium.

If you want business to soar, start the motor of advertising.

To The People of This District

The pilots of every dominant and progressive local business are using the propelling force of advertising in some form or other.

The most powerful form of Advertising is Newspaper Publicity.

We regret to learn of the illness of Mr. M. A. Bourgoin.

Dr. Sawyer, vet., was up from Pincher Creek on Thursday.

Mine Inspector W. Shaw returned from Calgary this week.

The regular meeting of the town council takes place on Thursday night next.

R. H. Burn and his son Hall, were up from Lundbreck for a few days this week.

Mr. and Mrs. Davidson of the Calgary Brewing Co. were down from Coleman on Wednesday.

F. W. Bartlett, Plunkett & Savage's new traveller, was up from Lethbridge this week.

A miner named Erving Livingston committed suicide by cutting his throat at Coal Creek on Tuesday night.

Miss Mary Gregory, of the "sleeping department" of the Cosmopolitan, is visiting relatives at Rossland for a couple of weeks.

Lloyd's shipping register shows that there were 440 merchant vessels, of a tonnage of 1,500,000 gross, under construction in the United Kingdom at the end of June.

Chif Church is said to have "made his pile," and has this week sold out the good will of his territorial business in Blairmore to F. N. Fowler. Chif hopes to reside in Calgary in future.

French army officers have solved the problem of travelling over desert sands with a light, rigid driven by an aerial propeller, which makes fair speed and climbs grades easily.

Several officers were drafted to the 137th and 138th battalions from the 191st and 192nd prior to the former's leaving for scenes of activity. Among those transferred was Lieut. Howard.

A young miner named George Doe sustained some injury to his face while working at Greenhill mine on Wednesday. He was moved to the Blairmore hospital, where he is being attended to by Dr. H. A. McDonald.

Listen to the wail of a superstitious New Yorker, who writes to his favorite newspaper: "I always heard that it was a lucky thing to find a four-leaf clover. The other day I picked one in the park at the edge of a flower bed, and I was 'bued \$3.'"

The question of placing a light at the Sixth Avenue bridge has been occupying the attention of the council for some time, and it is hoped soon to have a light so placed there as to relieve the difficulties at present experienced in making the approaches to the bridge.

There is a child born every four minutes in Texas; seven homes are built every working hour 14 per cent. of the population is in the cradle; 241 young women between the ages of 15 and 24 are unmarried, 466,082 men have never braved the matrimonial seas and there are 20,000 spinsters. The average size of a Texan family is four and nine-tenths.

O. Bryce Miller, who has been reported as the victim of many forms of natural and unnatural deaths during the past few years, is now reported alive again and connected with one of the battalions at Sarcee. If Bryce should have a chance to visit Europe, we will for once have occasion to look forward to his return with the history of Vienna, Constantinople or Berlin, for he has several lives left yet.

OF LOCAL AND GENERAL INTEREST

Two thousand soldiers will leave Sarcee to help handle the crops.

Quartermaster Sergeant H. Pinkney has been ill for a few days at Calgary.

King George V. spent several hours last week in France, within range of the German guns.

There will soon be no more "unknown destinations" for the Hun fleets or armies to flee to.

Ninety thousand Canadian soldiers have been added to the British fighting forces on the Somme.

The City of Lethbridge decides by a large majority in favor of the establishment of a filtration plant.

Pte. James Paden, of the 192nd is down from Sarcee, and goes out to his ranch in a few days to start harvesting.

It is reported that Germany is taking over the defenses of Trieste, sending troops specially organized for that purpose.

R. G. Fodor, who for the past several years has had his head quarters as coal inspector at Coleman, has moved to Blairmore.

One of our exchanges says the banana crops in the mountains were injured by recent storms. We haven't noticed it around Blairmore.

Before leaving Calgary, the 137th Battalion was presented with gold to buy colors by the military chapter of the Daughters of the Empire, and a set of sporting goods by the Sportsmen's Patriotic Association.

Bills are out announcing a dance to take place at the Alberta hotel Saturday, which promises to be an enjoyable affair. An error occurred in the announcements, which read \$1.00 for gentlemen, and should have read 50c.

The Blairmore Trading Company are announcing a special stock reduction sale, which commences tomorrow and continues until moving day, when the stock is to be moved into new quarters. Prices are cut down to the lowest margin and we invite the buying public to pay the store of the Blairmore Trading Co. a visit.

At the last meeting of the town council, Mr. S. Jensen, secretary of the local union, on behalf of the residents of that part of the town, asked that a light be placed at or near the corner of the Eighth Avenue and Stuart Street. We quite agree that a light is needed in that section, as well as in others, and hope that the town's financial condition will so improve that all dark districts may be served.

The latest blacklist of neutral shipping issued by the London trades division of the admiralty represents 152,658 tons of steamers and sailing vessels unavailable to British charterers on the claim that they are now, or have been engaged in, unneutral service. The list contains the names of the Clara Davis, Fannie Patter and Oakley C. Curtis, all sailing vessels flying the American flag.

Constable Smith, of the local detachment of the Royal North West Mounted Police force, will have completed his term of service with the force on Monday next, and we understand, after spending a few days at leisure with friends in The Pass will return to the Pacific Coast, where he will enjoy a holiday and probably later enlist for overseas service. Constable Smith, has won numerous friends since being stationed in The Pass, and the well-wishes of all will follow him to his future career.

The Italians are now using a noiseless howitzer.

Alex. Morency returned from Calgary on Monday.

G. Hutton, of Bellevue, is posted as wounded in a recent casualty list.

Munition industries of France give employment to 109,300 women.

German submarines recently sunk eighteen allied ships in thirty-eight hours.

Women now constitute 47 per cent. of the total number of employees in France.

A halibut weighing 450 pounds has been shipped from Prince Edward Island to Europe.

Billy Sunday has secured the contract to place new planks in the B.C. prohibition platform.

R. B. Bennett scores women who buy white kid shoes and says they should give the money to the Red Cross.

Edgar Thomas and Alva Phis returned the early part of the week from a successful fishing trip to Dutch Creek.

Twenty were killed and many injured in a "trolley-car wreck" which occurred at Johnstown, Pa., on Saturday.

Six-roomed House for Rent, with bath, light, phone and water connection. \$15.00 per month. Apply to W. J. Bartlett.

A bill to extend the life of parliament for eight months, or until May next, has been introduced in the British house of commons.

Mr. Manns, advance agent for "Officer 666," was in town Saturday, arranging for the appearance of his company here on Thursday next.

It is understood that the four or five thousand artillery troops now in training at Petawawa, near Ottawa, will go overseas in the near future.

Lethbridge has contributed over 2,800 men to Canada's fighting forces, conceded to be the best showing of any town of its size in the Dominion.

W. A. Freeburger, formerly in real estate and insurance business in Blairmore, is now manager of the Enchant, Mercantile Co. at Enchant, Alberta.

Fish stories coming in from Waterton Lakes during the past two weeks have been so large that the Lethbridge Herald has had to add another leaf.

It is announced that Germany has offered territorial compensation to Roumania at the expense of Austria, in return for Roumanian neutrality in the war.

Jablonitz, one of the most important gateways through the Carpathians to the Hungarian plains, has been captured by the Russians, together with 1500 prisoners.

A booze spotter in Nova Scotia has been fined \$20, and costs for carrying concealed weapons, with which he intended to defend himself against those he hoped to victimize.

The 137th Battalion left Calgary for an unknown destination on Monday. Pte. William Boyd, of Blairmore, is a member of the 137th. Lieut.-Col. Morfit commands the 137th.

The Town of Strathmore has decided by by-law that all theatrical troupes and entertainers will have to enrich the town exchequer to the extent of five dollars before they are allowed to depart.

L. Dutil unloaded a new Overland car on Monday.

H. Allard, of Frank, has purchased a car from L. Dutil.

Mayor Morrison was down from Coleman on Monday afternoon.

D. A. Sinclair paid a visit to Calgary the early part of the week.

Germany's total war losses up to the present amounts to 3,135,777.

C. Martiano has sold his macaroni factory at Lethbridge to A. Bonamico.

Miss Hilda Bansemer was up from Lundbreck to spend Sunday with friends.

The war is adding about \$16,000,000 every week to the national debt of Canada.

STRAWBERRY PLANTS FOR SALE—Apply to James Redfern, Passburg, Alta.

One application has been received for the vacancy on the Blairmore school teaching staff.

Mr. and Mrs. W. Waddell, of Lethbridge have arranged to spend a few weeks in Blairmore.

A shipment of fine horses from Vancouver were landed here last week end for the McLaren Lumber Co.

Mrs. Maclean, of Bellevue, is contributing \$2.50 monthly to the Red Cross prisoners of war department.

Lieut. D. Fraser, of the 192nd was down from Sarcee the early part of the week on a visit to his family.

J. D. Proctor, of Toronto, has been elected supreme president of the Supreme Grand Lodge of the Sons of England.

A private of the 113th Killie Battalion has been sentenced to one year in Lethbridge jail for being absent without leave.

Capt. J. Gratton, of the 192nd, was down from Sarcee to attend the burial of his brother William at Coleman last week end.

How many schemes could be devised to tax people according to the "side" they put on, how far our town treasuries would become

The Oddfellows Grand Lodge of the maritime provinces met in their 59th annual session at Fredericton, New Brunswick, last week.

One of two drunks in a local "coop" a few weeks ago was heard to remark to his boardmate: "Two heads are as good as one, anyway!"

It is officially reported that the British torpedo boat destroyer Lascow was sunk off the Dutch coast by either a German mine or submarine.

One of our readers asks: "If I purchased 15 fish, and seven of them were speckled trout, how many suckers were there?" We replied 9.

Rev. D. K. Allan, of the Institutional church, Coleman, preached very acceptably to large congregations at Central Union church on Sunday last.

Mr. and Mrs. A. E. Smith and children, and Mrs. B. B. Martin and sister returned to Lethbridge last week end after spending an extended holiday in "Paradise."

A blue lobster has just been captured on the coast of Nova Scotia, and has been presented to Aberdeen school museum. Only two other specimens are known to exist. Would that white-livered human beings were so near extinct!

Miss V. Keith has been visiting friends in Calgary for a few weeks.

Mr. Lemont, of the Rocky Mountain Cement Co., was down from Calgary on Wednesday.

Dr. A. H. Baker, formerly of Blairmore, is about to enter into medical practice at Calgary.

"Officer 666" will appear at the Blairmore opera house on Thursday night next. This is one of the most popular melodramatic plays of the age.

Mr. McKenzie and three children, of Lethbridge, who had been spending a few days at Crow's Nest Lake, arrived in Blairmore Sunday to spend a couple of weeks before returning home.

The owner of a raincoat which was stolen from a passenger train passing through The Pass last week would like to present the thief with a misgiving button and a prescription showing how to recover from a well-earned pain.

"In the dim Shakespearean past Richard offered his kingdom for a horse. We believe that ere many moons pass away Kaiser Bill will be offering his empire for a bologna sausage, a sign of beer and a few pretzels."—Greenwood Lodge.

The daylight saving law in Calgary has been repealed by the council and the city will return to standard time on Sunday next. The poor council lost many a good night's sleep trying to conceive ways and means of making more daylight in which to work.

The old sailing steamer Newfoundland, built forty-four years ago, has just been dashed to pieces on the south-east coast of Newfoundland. In the spring of 1914 she figured prominently in a terrible disaster, when 77 of her crew were frozen to death on the ice fields.

A little boy recently tried to sell a copy of the Coleman Bulletin to a commercial traveller in a Blairmore restaurant. The boy approached, "Buy a Bulletin, sir, only five cents?"

"No," says the traveller, "I can't read."

"Well," replied the boy, "if you can't read you can smell, can't you?"

Italy has instituted a blacklist, similar to that of Great Britain, which decrees forbids Italians to trade with the subjects of enemy states or their allies, wherever resident. Another decree places under government control, with a view to eventual seizure and liquidation, all commercial enterprises in Italy directed or principally controlled by subjects of enemy states or their allies.

The attention of cattle owners is called to a resolution passed at a meeting of the town council held on July 27th, whereby the Secretary Treasurer was instructed to request the Chief of Police to take steps to have all bells removed from cows running at large within the town or otherwise enforce the pound-by-law. Such steps were made necessary owing to the disturbance caused to citizens by animals prowling around the town during the rest hours of the night, and numerous complaints of same made to the police. Owing to general conditions, the council has not of late months attempted to enforce the pound-by-law, and cow owners would be conferring a favor not only upon the town at large, but upon themselves, if they would show their appreciation of the council's leniency in this respect by removing bells or muffling the clappers.

Tenders For Building School

TENDERS will be received until Saturday, August 26th, by the Frank School Board, for the building of a Four-Roomed School, the School Board to furnish all material. Plans can be seen at the store of A. I. Blais, Frank.

I. WILSON, Secretary.

South Alberta has been pledged to raise \$25,000 for the Sailors' Relief Fund.

The heavy guns of the entente allies have begun a bombardment of the Bulgarian positions at Lake Doiran, in Greek Macedonia.

The 138th Battalion has left Sarcee for an unknown destination. The 138th is under command of Lieut.-Col. Robert Pelcher, C.M.G.

There is a possibility that the 192nd battalion will remain in Alberta over another winter, and the time is ripe for agitation to have them located in The Pass for another season.

Mrs. John McKeagan, and daughters Sarah and Margaret, have returned to Coleman after a visit with Dr. and Mrs. A. E. Porter at Edmonton.

The fourth Canadian division, under General "Dave" Watson, is now in France, bringing the number of Canadian forces actually in action to 60,000 men.

The Mooney Biscuit and Candy Company, Limited, with plants at Stratford, Montreal, Winnipeg and Vancouver, has made an assignment in favor of its creditors.

The Italian dreadnaught Leonardo da Vinci caught fire and blew up in the harbor of Taranto, Italy, and 300 of her crew were drowned. The accident happened early in August month.

Rev. J. H. Hunter, of Coaticook, Quebec, will arrive in Blairmore this week end on a visit to his brother, J. F. Hunter, of the local customs department. Rev. Mr. Hunter has been visiting relatives at Parkland and Nanton during the past week, and hopes to extend his tour to the Pacific coast before returning to the field of his labors in the east. On Sunday evening, Rev. Mr. Hunter will officiate at the service at Central Union church, when a good turnout of people is expected.

It was with great surprise and deep regret that the parishioners of the Rev. Father Groff's congregation here learned on Sunday last that his mission as their pastor terminated. When the reverend father, announced this from the altar, those assembled were amazed. After the dismissal of the congregation, the announcement was freely discussed. The Rev. Father was in charge for about nineteen months, during which time all his energy was devoted to his people and the upbuilding of his church. He was an untiring worker, a man of great magnanimity and highly respected by the community. His numerous friends wish him every success in his new sphere of labor. The Rev. Father left on Sunday evening for Calgary—Conn.

The feat of freezing live fish and reviving them several weeks or months later has been achieved by the Swiss scientist, M. Pictet. The scientist put 28 live fish in a box that contained water rich in oxygen, in which several pieces of ice floated. The temperature of the water was then reduced slowly until it froze. At the end of about two months the cake was gradually thawed, and the fish, it is said, were found alive. In such an experiment, the scientist reports, it is essential that the water be gradually frozen, and that it shall have contained pieces of ice for from 15 to 18 hours before the whole mass is frozen. The process of thawing must also be slow. Through this process it is believed that Siberian sturgeon and Alaskan salmon can be exported alive to distant markets.
